ance Notes on Codes and Abbreviations" appearing at the begin-
ning of each regular issue of the PCT Gazette.*

WO 2004/028170 A2

(54) Title: TERMINAL LOCATION

(57) Abstract: A method for locating a mobile terminal in a communications network, the method comprising the steps of: applying one of a plurality of available methods to estimate a location of the mobile terminal; and applying one of a plurality of available methods to calculate a region around the estimated location in which the mobile terminal could be located.
